Re: Chemical Recovery Systems Site, Elyria, Ohio

Dear Ms. Mangrum:

The purpose of this letter is to confirm our telephone conversation on June 24, 2005 regarding U.S. EPA's June 14, 2005 General Notice of Potential Liability and Request for Information regarding the Chemical Recovery Systems Site in Elyria, Ohio (Site) addressed to RPM, Inc. (fka Tropical Paint), received by RPM International Inc. (RPM) on June 15, 2005. Pursuant to our conversation on June 24, 2005, RPM will have until August 15, 2005 to respond to both the General Notice and Request for Information.

In addition, pursuant to my telephone conversation with Associate Regional Counsel Thomas Nash today, it is my understanding that U.S. EPA will provide a "nexus package" with the information on which U.S. EPA bases its allegation that RPM is a potentially responsible party with respect to the Site.

Thank you for your cooperation in this matter.

Very truly yours,

Susan R. Strom
